

■ So where are Nadine & Georg now? "Europe"

Dear Servas MALAWI, We made it to Tanzania!!! After quite a trip...When the bus came to collect us at midnight in Mzuzu...of course there were no seats available for us (even though we had bought our tickets 2 days prior!) so after negotiation the driver offered that we travel on the sleeper seat of the 2nd driver, in front of the bus...It was ok most of the time except when the driver sneaked his way in...We also resolved to turn our backs to the road...because the driving was CRAZY...Anyhow, we made it in 24h in 1 bus! Arrived in Dar Es Salam at midnight – the bus depot was near our hotel so it worked out great then we took the morning boat to Zanzibar.

We are now enjoying our last week on the African continent. We met a day host Servas member last night – Lourence Gonsalves – you met he said (in Uganda maybe???) See photo. He can't host us here in StoneTown but kindly offered a place in Jambiani in the south east of the island where we are going today. So the adventure continues...

■ Thursday September 12th 'Pecha Kuchi' Night.

This is an event anyone can present at. You have to select 20 slide/photos and talk for no more than 6mins 40seconds. You can present any topic you like.

Nadine & Georg talked about 'Servas' & we gave out some x50 information leaflets. It was held at the Breezer bar at the college of Medicine and it cost mk500pp to attend. There were about nine other people presenting topics as well, from 'Malawi music' to 'try fasting'. **An interesting night -unusual!**

■ Friday September 13th Servas Social 'Goodbye Night'

Bye SYLE's!

➔BYE to Nadine and Georg as they travel onto Turkey. The day of the social the SYLE volunteers visited Chibuku Factory, so they brought some samples for us all to taste.

We're sorry too loose YOU all – GOOD LUCK and safety with your onward travels!!

Friday 1st Nov' Servas Social "Ndizotheka" 🎬 Film

Friday, we all met at Kitty and Willy's in Limbe. It was a hot and sultry night and we sat on their veranda with a cool breeze blowing on us. First we sat having drinks quiche and salad, then we went to watch the film. The film was made by a young Canadian visiting Malawi and a young Malawian desperate to 'fly'. He was learning to paraglide (run off a mountain edge pulling a parachute behind him). We discussed the impression it gave of Malawi as a country. Some felt it gave a warped view. As a film it is unusual and fits into the specialist rather than general film category.
